

Orange is the new gold!

Concerned about operating cost?
Let vPOS make your costs shrink!
Minimal investment, 100% tax deductible, bring the POS to your customer! Multi-task employees instead of having them fixed in front of your till. Greater efficiency means bigger profit, and it only takes a few minutes to teach your cashiers to use this 21st century technologies instead of the boat anchor on your counter-top!

Basic vPOS model:

two mobile handheld device plus
receipt printer
one cashdrawer
\$200/month seat license/service fee
\$7500: hardware+installation

Available add-on options:
