PAY AT THE PUMP WITHOUT THE HASSLE OF REPLACING YOUR PUMPS

Add tap and chip to your pumps

- OPTIS Retrofit can be installed to add pay at the pump without having to renovate and replace the most common legacy pumps
- Transactions are automatically posted to the in-store iPOS system and back office for simple reconciliation, sales reports, and receipt printing
- Payment terminals by Moneris are EMV certified and PCI compliant for secure and reliable transactions at your pumps
- Easy installation and complete iPOS support reduces downtime

* Contact Wiz-Tec for information on which pumps OPTIS Retrofit is compatible with
